GENERAL INFORMATION

Field test: a field test can be carried out on Friday 27th May

Judges: Mr Gianfranco Giraudi - Mr Johann Kurzbauer - Mr Paolo Meroni

Competitions: the Joop de Reus Memorial Cup will take place on Saturday 28th and Sunday 29th with the awarding of the CAC and the CACIOB and will be held on two covered hard surface fields. For further information see regulations (pdf attached)

Novice Class 1-2 will be held on Saturday 28th May.

Timeline: once registrations are complete the organising secretary will inform each contestant of the starting time of field tests and competitions.

Location: the competition will take place at the Centro Cinofilo S. Michele, a splendid rural home surrounded by Parma's hills and equipped with a covered hard surface field, grass and astroturf fields, a pool, a bar and a restaurant.

Accommodation: it will be possible to stay at the field with a mobile home and tent from Thursday 26th to Sunday 29th included, each mobile home will cost 12 Euros and each tent 8 Euros including electricity and toilet facilities.

List of local hotels (see file pdf attached)

Refreshments: a bar service will always be on site on Friday, Saturday and Sunday, it is possible to book a lunch on Saturday 28th and Sunday 29th and an evening meal on 28th Saturday.

How to reach us: the Centro Cinofilo San Michele can be found in Via Calastra no. 3 at San Michele Tiorre (Parma)....

To reach us leave the motorway at the Parma exit. Take the Tangenziale (Ring Road) towards Piacenza, and take the "Langhirano" exit. You will be on a continuation of the Ring Road and should carry on until the "Langhirano - Campus" exit. You will arrive at a roundabout and should continue to "Langhirano" (2nd exit). Carry on straight, go through the village "Corcagnano" and continue straight on to the village "Pilastro". Immediately after the "Pilastro" signpost (in front of the "Hotel I Tigli") take the road on the right, called via Calastra. Carry straight on until reaching no.3 on the right, if your sat. nav. suggests via "Calastre" instead of "Calastra" it is the same street (on one side the street is called Calastra and on the other Calastre). Should the sat. nav. tell you it is a dead end road continue regardless, as the road is not a dead end. G.P.S. co-ordinates 10.28456.44.68699

Registrations: registration must be made before 15/05/11 using the attached registration form.
